ARTICLE I: For and in consideration of the sum of \$_____, the Seller hereby agrees to sell and the Buyer agrees to buy all forest products designated for cutting by the Seller in Section 16, Township 2 North, Range 16 West, Lamar County, Mississippi. The Buyer further agrees to pay for all forest products designated for cutting at the time the contract is signed.

All of the forest products covered by this contract have been designated for cutting by the Seller in the following manner: All merchantable timber within the designated sale area.

The designated timber sale areas are located in the Northern half of 16-T2N-R16W, bordered on all sides by a streamside management zone (SMZ) which is marked with blue paint and/or the section boundary line which is marked with orange paint. These boundary line tree are not to be cut. **No timber will be removed from the SMZ.** The sale area is bordered on all other sides by open pastures or residential lease areas
See attached map(s) for details.

The final harvest sale contains 87 acres \pm , and the estimated harvest volumes are as follows:

Pine Poles	16 Tons
Pine Sawtimber	3,902 Tons
Pine Chip-N-Saw	1,075 Tons
Pine Pulpwood	684 Tons
Hardwood Sawtimber	74 Tons
Hardwood Pulpwood	777 Tons

The Buyer represents that they have inspected the sale area and familiarized themselves with the kind, amount, and quality of all products designated for cutting by the Seller and covered by this contract, and understands that the estimated volume figures are furnished for information only and are not guaranteed by the Seller.

Forest product specifications are listed and described below in Table One. If the Seller or Seller's Agent determines that the Buyer is in violation of any contract stipulation(s) found within **Article X**, then Table One will be the basis for Product Designation and Minimum Product Specifications.

Table 1. Minimum Product Specifications

Part I – General Terms

Article II. The Seller warrants that merchantable title is held to the timber products covered by this contract, and that same is free of all liens and encumbrances.

The Seller grants to the Buyer the right of ingress and egress over the lands of the Seller as may be necessary for removal of products specified by this contract; provided however, that no mechanized equipment not equipped with rubber treads shall be operated on or across any paved or blacktop surfaced roads on the property of the Seller without first laying planks on the road to prevent direct contact between the vehicle and the road.

Article III. All severance taxes will be borne and paid by the Buyer.

Article IV. The Buyer agrees to deposit with the Seller a Performance Bond of 5% of bid price, \$_____ not to exceed \$10,000, in the form of a corporate check, surety bond, cashier's check, certified check, or money order at the execution of this contract as a guarantee of faithful performance of each and every article of this contract in full. Upon written notice of completion of this contract by the Buyer, the Seller will return the deposit in full, less any money withheld as damages by the Seller. This contract shall not be assigned in whole or in part without the written consent of the Seller and in the event of an assignment; the terms of this contract shall apply. If for any reason, a third party is assigned, the original buyer remains the responsible party for all terms and conditions of this contract.

Article V. The terms of this contract shall be for a period of **18** months from the Effective Date hereof, and during said period, the Buyer may harvest and remove any and all Timber products covered by this contract as site conditions allow.

The contract may be extended for six (6) months by mutual consent of the Buyer and Seller in writing, provided the Buyer will pay for additional growth assumed to be six (6) percent per year.

Article VI. The Seller hereby designates the Mississippi Forestry Commission (MFC) as its agent (Seller's Agent) and gives said Agent the following responsibilities:

1. Determining compliance with the terms of this contract by the Buyer, the Buyer's Agent(s) or their employees.
2. The authority to stop all operations of the Buyer on the Seller's property when it appears that terms of this contract are being violated.
3. The right to halt logging operations when ground conditions are so wet that logging would cause excessive damage to the Property, or when conditions are so dry that the risk of fire is elevated. In such cases, Buyer must communicate directly with the Agent before logging can resume. Any operations that resume before the approval of the Agent will result in a \$250.00 per day fine which will be deducted from the Performance Bond. Furthermore this fine will be imposed for any and all reasons

that logging is halted and resumes without MFC approval, including, but not limited to; weather, saturated ground conditions, or removal of equipment to another logging operation on or off properties held in trust by the Seller or for any other reason that implies logging has ceased due to a stoppage by the Seller's Agent, Seller or a self-imposed stoppage by the logger or the Buyer. The Agent designated for this sale **James Shumpert, Area Forester (Tel.: 601-528-4873).**

A pre-entry conference between the Buyer and the local MFC representative will be required before harvesting operations are allowed to begin. The Buyer agrees to notify the local representative of the Mississippi Forestry Commission to arrange a pre-entry conference and supply proof of deposit of the Performance Bond and proof of Manufacturer's or Contractor's Public Liability Insurance and other required insurance per Article VIII of this contract at least seven (7) working days prior to the commencement of harvesting operation. There will be a \$250.00 per day fine for harvesting operations that begin before the pre-entry conference. Timber harvesting will not commence until these required documents are supplied to the Seller's Agent.

Article VII. The Buyer agrees to take all reasonable steps to prevent the occurrence of a wildfire(s) on the above described lands. The Buyer also agrees that all available personnel and equipment will be utilized to suppress any wildfires originating on said lands while the Buyer's operations are in progress and to notify the Seller's Agent promptly of any occurrence of wildfires resulting from the Buyer's operations or otherwise.

The Buyer further agrees to compensate the Seller for any and all property and/or timber damaged from a wildfire on Seller's property originating through the negligent act(s) or willful act(s) of the Buyer, their agents or employees. Furthermore, the Buyer will compensate the Seller and/or the Seller's Agent for any expenses incurred in detecting, investigating or suppressing said wildfire(s).

Article VIII. Buyer agrees to defend, protect and hold Seller or the Seller's Agent harmless from any loss, cost, damages, and/or expenses arising from claims for personal injury or property damage by any third party which arises from or out of the activities of Buyer, Buyer's Agents, employees or independent contractors while on Seller's property, except for any claim arising from the sole negligence of Seller.

Buyer and their subcontractors shall, in all things, conform to the requirements of the Worker's Compensation Act of the Laws of the State of Mississippi (MS Code 73-3-1) and qualify there under as a condition precedent to the performance of this contract. Buyer shall, as required by the Seller, submit satisfactory proof of qualification and conformity of themselves and each subcontractor with said Act.

1. Manufacturer's or Contractor's Public Liability Insurance in not less than \$100,000.00 and \$300,000.00 limits.
2. Bodily Injury and Property Damage Insurance not less than \$50,000.00 and \$100,000.00 limits.
3. General automotive liability insurance not less than \$1,000,000.00 per vehicle.

Article IX. Buyer and Seller take cognizance of the Federal Endangered Species Act, 16 U.S.C. Section 1521 et seq., and the regulations Appearing at 50 C.F.R. Section 17, which list endangered and threatened fish, wildlife and plants, including but not limited to the gopher tortoise (*Gopherus Polyphemus*), the Red-Cockaded Woodpecker (*Picoides*), the Louisiana Black Bear and such other species of fish, wildlife and plants which may from time to time be listed as threatened or endangered. SELLER represents that there are no threatened or endangered species of fish, wildlife or plants or habitat thereof on any of the land subject to this agreement to the best of the SELLER'S knowledge. SELLER and BUYER agree that should the presence of any threatened or endangered species or evidence of habitation thereof be found on any of the acreage subject to this agreement, this agreement shall be terminated as to the affected acreage and the timber thereon (as is determined by BUYER in consultation with applicable authorities or agencies) and BUYER shall be compensated or excused from payment as the case may be for the prorated portion of the purchase price with relates to the affected acreage.

PART II - PERFORMANCE REQUIREMENTS

Article X. Any undesignated merchantable trees which must be harvested to clear a road or loading area, or must be harvested to facilitate the Buyer's operations, shall be marked and estimated by the Seller or his agent in advance of harvesting. Said trees shall be purchased from the Seller by the Buyer and paid for at one-half the rates specified in this contract for trees unnecessarily damaged.

Undesignated trees of desirable growing stock which are unnecessarily damaged or harvested in the course of the Buyer's operations will be marked for harvesting by the Seller or their agent and shall be paid for at the following rates:

Pine pulpwood	\$ 20	per standard ton
Pine chip-n-saw	\$ 30	per standard ton
Hardwood pulpwood	\$ 20	per standard ton
Pine sawtimber	\$ 60	per standard ton
Hardwood sawtimber	\$ 50	per standard ton

This penalty will be deducted from the Buyer's Performance Bond.

For purposes of this contract, unnecessary damage to any tree not designated for sale shall be considered as breakage or severe bending of the main stem, uprooting, or any abrasion which exposes wood on one quarter or more of the circumference of the main stem or exposes wood in a continuous, longitudinal wound of more than two feet in length, which damage could have been avoided through the use of reasonable care.

Trees designated for sale shall be felled in such a manner that they will not fall outside the sale area.

Article XI. Existing access roads shall be utilized wherever practical. Following the completion of the harvesting operation all access roads, loading ramps and skid trails utilized in the course of harvesting timber on the Seller's property will be stabilized and will meet or exceed the standards promulgated in "Best Management Practices for Forestry in Mississippi" (4th Edition, September 2008, MFC publication #107) . This includes but is not limited to; constructing water bars, shaping disturbed areas for proper drainage, seeding or mulching with suitable vegetation during the appropriate season, followed by the fertilization of these areas based on the recommendations found in "Best Management Practices for Forestry in Mississippi" (4th Edition, September 2008, MFC publication #107). All BMP work will be completed in a timely manner. If after a reasonable period of time, as determined by the Seller's Agent, the Buyer fails to complete the BMP work, the Seller reserves the right to carry out this contract specification. Furthermore, the Seller will utilize the Buyer's Performance Bond deposit to compensate the Seller's Agent or other private BMP contractors for work performed. The Performance Bond will not be returned by the Seller to the Buyer until all BMP work is completed and fully satisfies the Seller's Agent.

If the Buyer, Seller or Seller' Agent suspends harvesting for an extended period of time, the Buyer will stabilize, smooth and shape the access roads for drainage purposes making it traversable by a pickup truck. Where erosion may occur, as determined by the Seller's Agent, water diversions will be constructed on skid trails, loading ramps and access roads according to Mississippi's BMP specifications.

Article XII. The Buyer shall be responsible for the removal of any tree or bush or any other obstruction(s) or any portion thereof which is felled in any stream or on any public highway, road, ditch draining the roadway or felled in a way which obstructs the same in any manner. The Buyer must remove the obstructions in a timely manner. If the Seller deems that the Buyer after being requested to remove said debris is unresponsive to removing obstruction(s), the Seller reserves the right to remove obstructions; furthermore the expenses of removing obstruction(s) will be incurred by the Buyer. The Seller reserves the right to deduct any and all expenses incurred in the removal of said obstructions from the Buyer's Performance Bond.

Article XIII. Buyer covenants and agrees to use, and to cause its contractors, employees and agents to use, any and all hazardous or toxic substances only on an as-needed basis and in accordance with all applicable laws, rules and regulations. Buyer agrees to defend, indemnify and hold harmless Seller from and against any and all costs, suits, claims, liabilities and obligations relating to or arising from use by buyer or its contractors, employees, or agents of any hazardous or toxic materials or substances or petroleum products. All hydraulic fluid and petroleum containers and any other refuse resulting from the harvesting activities shall be removed by the Buyer on a daily basis. The Seller reserves the right to deduct any and all expenses incurred in the removal of said hazardous and toxic substances, hydraulic fluid and petroleum containers and any other refuse from the Buyer's Performance Bond.

Article XIV. When the Buyer has completed his operations as authorized by this contract, Buyer shall remove all equipment and other objects located on the property by themselves, their agents or their employees. Fences when damaged by harvesting operations will be restored to original condition.

Upon completion of all terms of this contract the Buyer shall notify the Seller or the Seller's Agent by personal communication such as a written notice. The Seller's Agent will then make a final inspection of the sale area. The Seller will, upon receipt of the final harvest inspection report, refund the Buyer the full amount of their deposit, less any amount to be withheld for failure to meet contract specifications.

Article XV. The purchaser will be required to meet the following Reporting Rules as set forth by IRS.

New Lump-Sum Timber Sale Reporting Rules

On May 28, 2009 new rules for reporting lump-sum timber sales went into effect. TD 9450 outlines the changes to Treasury Regulations 1.6045-4, requiring purchasers of standing timber in a lump-sum transaction to report the sale or exchange of the timber to the IRS using IRS Form 1099-S ("Proceeds from Real Estate Transactions") and to provide the completed form to the seller and to the IRS by January 31 of the year following the sale.
